DISCIPLINE POLICY

Rustenburg aims to provide a caring environment in which learning, working and playing together is important and where respect for people and property is encouraged. We wish to emphasize a positive and consistent approach and encourage pupils to take responsibility for their part in the smooth running of the school.

Every staff member is responsible for discipline and has the full authority and responsibility to correct the behaviour of learners whenever such correction is necessary.

The practical framework for correcting inappropriate work habits or behaviour is provided in the Code of Conduct, which seeks to set out clear expectations of behaviour, recognition and sanctions. Any corrective measure or disciplinary action will correspond with and be appropriate to the offence. The School will contact parents/guardians when a learner's behaviour becomes a cause for concern and will endeavour, in a spirit of constructive partnership, to resolve the problem.

The Code of Conduct applies to all learners while they are on the school premises or when they are away from the school representing it or attending a school function. Section 8(4) of the SA Schools Act provides that all learners attending a school are bound by the Code of Conduct of that school.

All parents are expected to sign a statement committing to the Code of Conduct found in the Conduct Declaration paragraph in the Appendix C of the Application process. Learners and parents in Grades 3-7 also sign their commitment to the Code of Conduct - School Rules in the Homework Diary.

The administration of the Code of Conduct is the responsibility of the Disciplinary Committee of the School and the Code of Conduct must be read in conjunction with relevant school policies.
